

# DeSign<sup>TM</sup>

## DeSign<sup>TM</sup> synthetic end caps

The DeSign profiles snap into the patented soft-clip system and are finished with synthetic end caps.

## DeSign<sup>TM</sup> Classic side tracks capped

Classic side tracks capped is a square frame with thin synthetic caps on the top and bottom of each side track to finish the look.

## DeSign<sup>TM</sup> Classic full frame

The slim, 1/4" thick side tracks and top/bottom rails give the classic frame a square, fully framed design.

## DeSign<sup>TM</sup> Radius side tracks capped

The DeSign radius product line has rounded side tracks finished with synthetic caps.

## DeSign<sup>TM</sup> Radius full frame

The rounded radius side tracks and top/bottom rails create a smooth, robust frame design.
