SIGNAGE SYSTEMS®

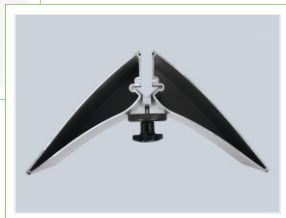

Pressto™ digi®

Ideal for quick installation and last-minute displays, Pressto™ is an innovative aluminum base that supports vertical panel material to create eye-catching signage, advertising, and other free-standing elements.

Integrated rubber laces protect the panel and act as a non-slip pad for secure mounting.

Features:

- » Material: anodized aluminum
- » Tamper resistant feature: knurled head knob
- » Indoor and outdoor weatherable
- » No holes required in signage substrate
- » Substrate thickness: 0.04-1.18" / 1-30 mm
- » Maximum substrate height: 60.00" / 1524 mm
- » Sold individually
- » Assembly kit included
