

# metro™

easel system

Metro Easel Systems are the ideal product to complete your interior architectural signage system. Elegantly designed and classically understated, Metro Easel Systems work in perfect harmony with our other Metro series products. Easy to use and assemble, the Metro Easel Systems offer the ideal finishing touch to complete your signage vision.

Metro Easel Systems are available in three different cap styles (Flat, Ball and Raised) and three different finishes (black, chrome and satin chrome). Each system comes with four components, two bottom anchor pieces available in different lengths and two optional top pieces that can be used for a complete "four corner" look. The Metro Easel Display is available with only 2 bottom anchor pieces.

Easel Display System Premier

Easel Display System Premier (2 decorative units & 2 anchor units)  
Features two top pieces with a finished end-cap that encloses the screw.

"XX" represents the code for selecting the color of the easel system  
D = Diameter, L = Length

	Flat (F)	Ball (B)
 <b>Chrome (09)</b> Solid brass, bright chrome plated silver finish	 EDSF209 D: .32" L: 1.97"	 EDSB209 D: .32" L: 1.97"
